Multi Function 800 Drop & Insert   400828DI
Four (4) Test Cord Functions:

- White "Near Side"
- Blue "Far Side"
- Orange "Monitor"
- Drop & Insert

In One Test Unit

(6' cord)

Bantam Jacks

Application:

Telecom Assistance Group's multi-function 800 DSX unit combines four (4) test cord functions in one unit. The 400828DI eliminates the need for Orange, White, Blue cords in various lengths and also provides versatile Drop & Insert capabilities. **Drop & Insert** functions can be **performed at one 800 DSX jackfield** - never have to locate Test Set and use 2 long test cords.

Ordering Information:	**FTR UPN #**
Multi-Function 800 DSX Unit / Test Cord, (6')	**400828DI**
