- **Debug mode for detailed fault identification results**
- **Auto Sleep Mode and Power Off Switch to decrease power consumption**
- **Low Battery Indicator**
- **Includes (4) four AAA batteries**

Includes: Soft Vinyl Carrying Pouch & Remote Terminating Cable

Application:

The CAT107G is a small hand-held cable tester, which enables network professionals to quickly and easily verify the integrity of ethernet twisted pair cables for open pairs, shorted pairs, reversed pairs, crossed pairs and split pairs. Push the TEST button and the CAT107G will automatically scan for any existing faults in your cable. The specially designed remote terminator is provided for one-person testing of installed cables. The tone generator function can be used to send a signal through installed cables which can be traced with most cable tracers on the market.
