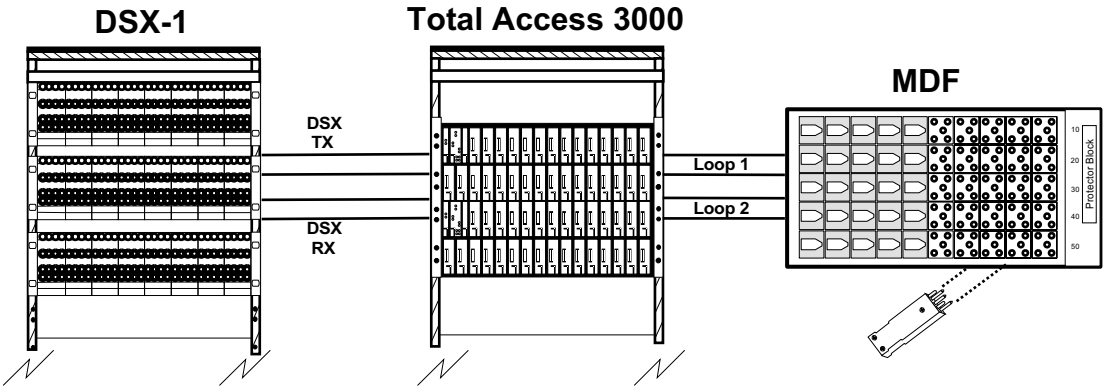
# ADTRAN Total Access 3000 Test Board
# TB-TA3000-ORB Practice

**HDSL & T1 ORB**

**Bantam Jack Access**



*Plugs in Total Access 3000 office repeater card slots*

## Application:

The TB-TA3000-ORB plugs in the Adtran Total Access 3000 card slots and has Bantam jacks that allow access to the cabling from the card slot toward the DSX-1 and the Field - HDSL. Using a T1 Test Set, the tester can transmit and receive T1 signals to verify cable acceptance and continuity.
