

(225mm) Heat Exchanger for Calix ODC Cabinet

TF-CLX225-01/02/03

THE CONNECTOR FOR THE # TF-CLX225-01, TF-CLX225-02 & TF-CLX225-03
WILL ARRIVE IN (2) PIECES.

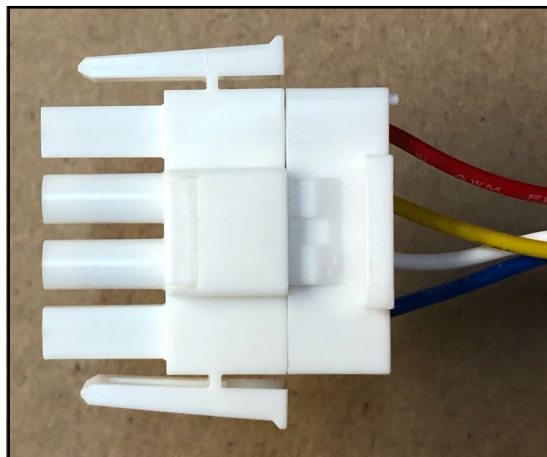

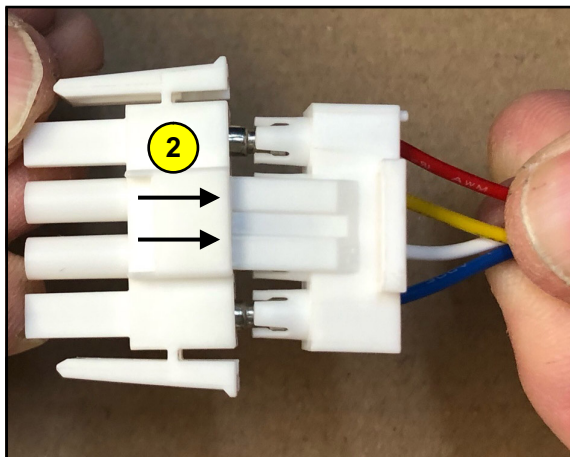

CONNECTOR INSTRUCTIONS:

1. Feed the wire through the hole on the existing bracket **before** attaching the additional piece of the connector.

Note:
The connector will not fit if it is attached first.

2. Slide the additional piece of the connector over the exposed pins of the base plug as shown below. (**Note:** Connectors are keyed and only snap together one way)
